Business Responsibility & Sustainability Report

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along with its financial implications, as per the following format:

A materiality assessment serves as a critical tool for identifying, evaluating, and addressing stakeholder expectations, preferences, and priorities. In FY24, Westlife Foodworld Limited undertook a materiality assessment that involved in-depth secondary research from a global context through peer benchmarking and reporting frameworks like SASB and an analysis to identify the expectations of both internal and external stakeholders. A brief on the key material topics identified has been indicated below:

Sr. No.	Material issues identified	Indicate Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implication of the risk or opportunity (Indicate positive/ negative implications)
1	Food Safety	Risk	Any lapses in food safety protocols could lead to severe consequences such as legal liabilities, damage to brand reputation, and loss of customer trust. Hence, ensuring proper food handling and hygiene practices is crucial to prevent contamination and foodborne illnesses.	Rigorous food safety protocols are integrated across our operations. This includes menu development, packaging, distribution, and restaurant operations. We also undertake Sensory evaluation of key products on a monthly basis and non-key products on a quarterly basis. Leveraging technology, we continuously enhance food safety and quality by integrating relevant standards into equipment designs and automation processes.	Negative implication due to a risk of damage to brand reputation, legal liabilities and loss of business and customer trust.
2	Human Rights	Risk	Human rights violations can cause operational delays, lawsuits, lack of employee satisfaction and adverse reputational impacts.	Westlife ensures promotion and protection of human rights through various policies, trainings and audits at various levels on regular basis. We have a zero-tolerance approach towards all forms of compulsory and forced labor, including human trafficking and child labor. Additionally, all the business agreement and contracts include relevant clauses on the affirmation of applicable regulatory requirements which include human rights.	Negative implications on account of lawsuits and operational delays.
3	Diversity, Equity & Inclusion	Opportunity	Diversity, Equity & Inclusion (DEI) can enhance creativity and innovation by bringing together individuals with different backgrounds and perspectives. By prioritising DEI, Westlife can attract top talent, thus giving them an edge in the QSR segment.	-	Positive in a way that it helps better understand and serve a diverse customer base, thus leading to enhanced customer satisfaction.
4	Responsible Sourcing	Risk	Westlife sources ingredients from many suppliers. Hence, ensuring food safety through supply chain management is imperative since our business impacts environmental health, animal welfare and livelihood of people.	The Company implements sustainable and ethical sourcing practices to ensure continued future supply and to minimise lifecycle impacts of company operations. Sourcing from suppliers that have high quality standards, employ environmentally sustainable farming methods, and honor labor rights to protect long-term shareholder value, helps Westlife mitigate these issues.	Negative since the timely availability of products can be compromised due to a disruption in the value chain.

Sr. No.	Material issues identified	Indicate Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implication of the risk or opportunity (Indicate positive/ negative implications)
5	Nutrition & Responsible Marketing	Risk	Evolving consumer awareness demands easy access to nutritional information through clear labelling practices to help them make informed food choices.	Westlife has eliminated artificial colors, preservatives and flavoring from select food items. We are also displaying Allergen & Nutritional information in-store and on our McDelivery app. The company has also taken initiatives like increasing nutritious content while reducing fat and sodium from many key products. Implementing strict guidelines, and ensuring transparency and accuracy in advertising campaigns is crucial.	Negative as it poses a damage to brand's reputation and regulatory scrutiny thus impacting sales and profitability.
6	Supplier Practices	Risk	Any disruptions or inconsistencies in supplier practices could directly impact the quality and availability of our menu items, leading to customer dissatisfaction and loss of revenue.	Westlife undertakes Supplier Workplace Accountability audits which equips them with robust supplier management systems and practices. Every supplier has to undergo SWA audits which evaluate critical aspects such as business integrity, child & forced labor.	Negative as it can lead to operational inconsistencies thus impacting company's reputation and profitability.
7	Data Security & Privacy	Risk	Ensuring data privacy is imperative since a large amount of customer data is captured for operational purpose.	Westlife has Cyber security and Privacy Policy which is placed on company's intranet. Additionally, we have implemented robust security measures to comply with highest level of security governance practices.	Negative as a breach of sensitive information can lead to fines, penalties and reputational damage.
8	Ethics & Compliance	Risk	Compliance with high standards such as evolving food nutrition regulations, legal norms and values helps in accessing the implications of ethical dynamics. Adherence to ethical practices minimises risks and legal issues.	Westlife through various publicly available policies covers multiple aspects such as Anti-Bribery & Anti-corruption, Code of conduct, whistle-blower mechanisms which ensures integrity and transparency in their operations. Additionally, Westlife also has an internal committee to review food nutrition related compliances.	Negative as it has a direct impact on the business operations and brand image of the company.
9	Safe & respectful workplaces	Opportunity	A safe workplace minimises accidents and health risks, protecting employees and customers alike whereas respectful interactions promote teamwork and reduce conflicts, enhancing overall efficiency.	-	Positive
10	Water Conservation	Risk	Water conservation is crucial to meeting environmental regulations, lower operational costs and maintaining business continuity.	The Company has taken several initiatives to reduce water consumption eg. Usage of waterless urinals, re-use of RO rejected water, Installation of high-water recovery RO system in all restaurants; Usage of spray faucets thereby reducing 50-80% of water consumption, among others.	Negative since it leads to operational interruptions caused by water shortages, in addition to reputational damage and penalties due to breach of regulatory norms.
11	Waste Management	Risk	Reducing waste from daily operations is a significant environmental challenge in our industry. Westlife prioritises proper waste management to mitigate environmental impact, comply with regulations, and meet stakeholder expectations.	The Company strives to reduce waste through packaging optimisation, safe disposal practices and operations training. These efforts aim to lower waste handling costs and improve operational efficiency while ensuring strict compliance with ERP requirements.	Negative as it may result in regulatory fines & penalties, higher disposal costs and increased expenses.

Business Responsibility & Sustainability Report

Sr. No.	Material issues identified	Indicate Risk/ Opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implication of the risk or opportunity (Indicate positive/ negative implications)
12	Climate Action & Energy	Risk	Our business is relatively energy intensive due to usage of commercial kitchen appliances and high volumes. Dining areas are typically temperature-controlled for customers. High energy production and consumption contribute to environmental impacts, including climate change and air pollution (mainly causing increase in GHG emissions), which have the potential to indirectly, yet materially, impact the results of restaurant operations.	We have optimised our processes to reduce our carbon footprint by adopting energy efficiency upgrades and limit GHG emissions regulations through the use of renewable energy resources like Solar.	Negative as physical assets such as facilities and logistics infrastructure are at risk of damage from extreme weather events, leading to substantial repair and replacement costs. Also, Regulatory changes could result in higher operational expenses and compliance costs.
13	Talent & Benefits	Opportunity	Competitive benefits enhance job satisfaction and loyalty, reducing turnover rates. Investing in talent development ensures a skilled workforce, improving operational efficiency and customer service.	-	Positive
14	Risk Management	Risk	Risk Management is important for various stakeholders to ensure management of food safety risks, human capital risks, technological risks, compliance and regulatory risks, among others.	Westlife has a comprehensive Enterprise Risk Management system for handling risks right from identifying, analysing, assessing, controlling, to managing risks. The company is also engaged in the proactive identification and implementation of risks management framework.	Negative since magnitude of risk depends on various incidents of violations.
15	Community Impact	Opportunity	Community impact is crucial for Westlife, as it fosters local goodwill and strengthens brand loyalty. By supporting local initiatives, the company enhances its reputation and aligns with customer values. It also helps in building strong relationships with local stakeholders and authorities. Overall, impactful community involvement ensures sustainable business growth and social responsibility.	-	Positive

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

Our dedication to Environmental, Social, and Governance (ESG) principles made significant strides in 2024 through a variety of initiatives. We achieved substantial energy conservation by implementing an Energy Management System in over 90% of our restaurants, complemented by the installation of solar panels, HVAC systems, economisers, LED lights, and evaporative coolers. These efforts have resulted in a 20% increase in energy efficiency in new stores while significantly reducing our carbon footprint. In our continuous quest to improve water efficiency, we have implemented rainwater harvesting in 20% of our restaurants, and installed waterless urinals and low-flow aerators, significantly reducing water usage. Additionally, our commitment to environmental stewardship and community cleanliness is highlighted by our initiatives to recycle 99% of used cooking oil, reduce waste, optimise paper packaging, and eliminate single-use plastics from our system. On the social front, we remain focused on fostering a diverse and inclusive workplace, now employing a 36% female workforce, marking a 2% increase from last year. As part of our EatQual 2.0 initiative, we upgraded our McDonald's McDelivery app to ensure food accessibility and appeal to all, including a color-blind friendly feature—a first of its kind. The RMHC Foundation continues to play a crucial role in providing essential support to thousands of children and families in times of need. Operating an extensive network of restaurants that serve millions of customers poses complex challenges in promoting positive outcomes for both individuals and the environment. Nevertheless, we have embarked on a multiyear journey aimed at progressively achieving various ESG objectives through innovative approaches. Our commitment extends to transparently communicating our progress and fostering enduring societal benefits along the way.

[#]In the fiscal year 2024, Westlife consolidated various training modules and facilitated multiple sessions of each training program.

Furthermore, WFL ensures that 100% of its employees, including the BoD and KMP, are thoroughly aware of and trained on its anti-corruption policies.

The Board of Directors, along with senior management, also have an oversight of company policies, which naturally enhances their awareness and commitment to maintaining the highest standards of ethical conduct.

Additionally, WFL proactively responds to board evaluations by making necessary adjustments to the composition of its highest governance body, ensuring optimal leadership. Last year, as part of our board evaluation, we identified key training needs and refined our practices accordingly. This proactive approach has significantly enhanced our overall governance and operational effectiveness.

Annually, the Company obtains declarations from its Board of Directors and key management personnel regarding their affiliations with other entities, ensuring compliance with applicable laws through requisite approvals before engaging in transactions with said entities. Furthermore, directors abstain from involvement in discussions or decisions concerning matters in which they hold a vested interest during board meetings.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	Details of improvements in environmental and social impacts	FY 2023-24	FY 2022-23
R&D	The Company does not incur any significant Research and Development (R&D) expenses; instead, such endeavors are undertaken collaboratively with a strategic value chain partner to drive innovation in food product manufacturing. Capital expenditures (Capex) undertaken by the Company includes investments in initiatives such as solar power and water saving. Due to the inherent challenge in isolating these costs from broader restaurant expenses, they remain unallocated.		
Capex			

2. Does the entity have procedures in place for sustainable sourcing? (Yes/No) b. If yes, what percentage of inputs were sourced sustainably?

Yes, Westlife engages with the suppliers to align them with the company's vision and aspirations on sustainable goals and policies. We source (RSPO) Roundtable on Sustainable Palm Oil certified palm oil, Rainforest Alliance (UTZ) certified coffee, Fish from certified sustainable sources and Forest Stewardship Council® (FSC®) certified paper for packaging as a part of our responsible business conduct practices. Even our Agri produce is sourced indigenously from farms adopting sustainable agriculture practices. The aforementioned initiatives have enabled us to source 95% of the input materials sustainably from our suppliers.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The company is prioritising the responsible disposal of waste in compliance with relevant regulatory frameworks. Our commitment extends to ensuring environmentally conscious practices guide our waste disposal efforts.

- **Plastic waste** – We comply with the Extended Producer Responsibility (EPR) program, adhering to the directives the Central Pollution Control Board set forth. Our plastic waste remains minimal due to the elimination of single-use plastics, complemented by our transition to paper-based packaging solutions.
- **E-waste** – Certified e-waste handlers are engaged to properly dispose of electronic waste.
- **Other waste** – Hazardous chemicals are utilised exclusively for cleaning purposes following comprehensive training on handling protocols and safety measures.
- **Hazardous waste** – Municipal waste is segregated into wet and dry categories and subsequently handed over to the Municipal Corporation for appropriate disposal. 99% of used cooking oil is recycled.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

10. Health and safety management system:

i. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, what is the coverage of such a system?

Yes, relevant processes, SOPs and trainings are implemented to ensure health & safety of our workforce. All restaurant staff are mandated to undergo Health and Safety training and successfully pass the assessment as part of their onboarding procedure. Regular quarterly audits are conducted across all restaurants to evaluate compliance with diverse health and safety standards. Furthermore, we organise workshops and training sessions on fire safety, workplace safety, food safety facilitated by trainers authorised by the Food Safety and Standards Authority of India (FSSAI), along with initiatives focused on road safety to promote a safe working environment.

Concerning safety, installation of effective fire management systems, appointment of security personnel, upkeep of non-slippery floors – which is a possible major accident hazard are the initiatives taken by Westlife.

In terms of healthcare, we provide gloves & caps to all our workforce in stores. During the reporting period, we arrange free health check-ups, Yoga –meditation programmes and mental health sessions in order to improve physical as well as mental well-being of our employees.

ii. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The ongoing identification of work-related hazards is integral to our business operations. All restaurants undergo rigorous audits and inspections every quarter on various health and safety parameters such as facility cleanliness, food handling procedures, equipment maintenance, fire safety protocols, ensuring proactive mitigation and adherence to industry standards.

iii. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks.

Yes. Employees can report any potential work-related hazards to the restaurant manager. We also have an escalation process where employees can write to management through prepaid anonymous letters (PAL). The company has been carrying out awareness programme and performing mock drill on different emergency scenario to prepare workers from such hazardous area or risk.

iv. Do the employees/ workers of the entity have access to non-occupational medical and healthcare services?

Westlife prioritises the health and safety of the employees through a comprehensive set of measures. We ensure that our employees have ready access to first aid and medical kits both within our office premises and at our restaurant locations. Furthermore, we provide coverage under the Employees' State Insurance Corporation (ESIC) for our employees and their families, ensuring that they receive necessary medical support in case of any incidents.

For those individuals who are not covered by ESIC, our company offers group insurance, extending coverage for non-occupational medical and healthcare services. Additionally, we have implemented term insurance policies, which cater to the well-being of around 200 employees who are more likely to be exposed to health and safety risks.

In addition to insurance coverage, we facilitate regular complimentary doctor consultations for our employees, emphasising preventive healthcare and early intervention. We also prioritise staff well-being by allocating dedicated recreational spaces in every restaurant and ensuring regular breaks during shifts to promote relaxation and rejuvenation.

Moreover, Westlife is committed to promoting holistic health among our employees through various initiatives. These include organising sessions on physical and mental well-being, such as yoga and ergonomics, aimed at fostering a healthy work-life balance and enhancing overall employee satisfaction and productivity.

Working Conditions	

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

Westlife conducts regular internal assessments to identify and address safety-related incidents. However, no such incidents were reported during FY24. Westlife adheres to a well-defined Standard Operating Procedure (SOP) derived from globally accepted best practices which states the commitment to the prevention of occupational accidents, ensuring strict compliance with all health and safety regulations. In the event of any incidents, thorough investigations are conducted and rooted through the central team, and corrective measures in the form of raising awareness and medical assistance are promptly implemented through updates to the SOP.

As a part of health & safety trainings, crew members are required to complete various assessments including those related to food safety, health & safety, and hygiene maintenance during the onboarding process. The progression of their careers within the organisation is contingent upon the successful completion of these assessments. Additionally, monthly health and safety training sessions are mandatory for all restaurant employees which include modules on

workplace hazards identification and mitigation, safe food handling practices, proper use of equipment and machinery, emergency response procedures and health and hygiene standards, supplemented by quarterly fire safety mock drills.

Our commitment to fire safety is underscored by the installation of equipment such as smoke detectors and fire suppressants, significantly mitigating the risk of fire-related incidents. Further to this, store managers regularly undertake health & safety audits at the store and prepare an action plan to mitigate any risk identified during such audits. Notably, there were no major fire incidents reported in FY24.

Health & Safety training at Westlife is designed to equip employees with the knowledge and skills necessary to maintain a safe working environment and effectively respond to potential hazards or emergencies.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes. The employees are covered under Insurance schemes of the Company. Westlife provides a range of benefits to foster an inclusive environment for its workforce. In addition to offering mandated benefits like PF and ESIC, we go the extra mile to support our staff by granting access to essential non-occupational medical and healthcare services through term insurance benefits, Medclaim, Group accident policies and regular complimentary doctor consultations.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS.

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

We understand the significance of cultivating and nurturing strong relationships with key stakeholders through transparent, sincere and impactful interactions. Our approach to stakeholder engagement is an ongoing endeavor, guided by the core principles of Materiality, Responsibility, Sustainability, and Inclusivity.

In FY24, Westlife conducted a Materiality Assessment to engage with a broad spectrum of stakeholders, including both internal and external parties, to gain insights into their perspectives on business priorities. This process involved reaching out to various stakeholders such as employees, suppliers, investors, NGO partners, media partners and customers to align our strategies accordingly.

The feedback and insights from stakeholders are actively sought and integrated into our business strategies, recognising their pivotal role in contributing to long-term value creation, whether directly or indirectly.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how feedback from such consultations is provided to the Board.

Stakeholder engagement on economic, environmental, and social topics is done by various departments in the organisation on an ongoing basis to understand the material topics and identify the priorities. These topics are initially discussed at the committee level before being brought forth to the board during board meetings. Furthermore, to strengthen the relationships with the stakeholders, a dedicated stakeholder relationship committee is established to oversee the entirety of stakeholder interactions, monitor plans for identified risks and formulate mitigation strategies. Additionally, board members occasionally visit different stores to foster relationships with both crew members and customers.

Westlife is currently in the process of establishing a Sustainability & CSR committee to formalise and strengthen our commitment to sustainable and responsible business practices.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the input received from stakeholders on these topics were incorporated into the policies and activities of the entity.

Yes. In FY24, we conducted a materiality assessment in collaboration with both internal and external stakeholders, reaffirming our ongoing commitment to sustainability priorities. Based on the priority areas defined by our stakeholders we undertook various initiatives such as Food Safety, waste reduction, single-use plastics elimination, waste recycling, equal employment opportunities, and sponsorship of higher education for employees. Recognising the need to make food ordering enjoyable and easier for our color-blind customers, we launched colour-blind feature on the McDelivery App and website for color-blind individuals, offering three color enhancement options to ensure an inclusive and enjoyable dining experience.

Business Responsibility & Sustainability Report

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalised stakeholder groups.

On World Sight Day, we introduced a new feature on our Mc Delivery App and website, tailored to cater to individuals with color blindness. Consumers can opt from three color enhancement options: 'Green-Red', 'Red-Green', and 'Blue-Yellow', and a special algorithm displays the menu in colors appropriate for the user. This lets them see the real colors of the burgers, wraps, light bites, desserts, and beverages, which in turn helps them thoroughly enjoy the experience, and make an informed decision about their meal.

This initiative known as EatQual 2.0 is an extension to our existing inclusivity platform, EatQual to ensure that everyone can effortlessly savor delightful and heartwarming moments.

Over the past three years, McDonald's has been committed to promoting inclusivity through the EatQual initiative, striving to provide an inclusive dining experience for all.

Additionally, RMHC India, an Indian chapter of RMHC Global is advancing family-centered care knowledge, practice, and policy and contributing new evidence in the field through Conferences with a focus on marginalised groups. It is a listening & learning platform to understand the unique challenges kids & their families face during and after cancer treatment. The purpose of such conferences is to gather relevant insights regarding cancer biases/stigma and other issues faced by patients & families while promoting emotional wellbeing by providing a platform for patients to express their concerns.

Workers		N.A		

*BoD Remuneration consists only of the sitting fees payable to members of the board for attending the board and committee meetings. Sitting fees are uniform for all the directors.

Apart from fixed elements of remuneration and benefits, each individual is eligible for a Performance Bonus, which is tied to both their personal performance and the Company's overall performance. Additionally, they are eligible for Long Term Incentives, such as Employee Stock Options, as determined by the Committee or the Board. These incentives are linked to individual performance, sustainability goals and the Company's overall performance.

^KMP remuneration consists of sitting fees paid by WFL and salary by HRPL (wholly owned subsidiary)

The NRC determines the remuneration of the KMP and recommends it to the Board for approval. The remuneration is set based on the industry benchmarks relevant to WFL. This approach ensures we attract and retain talent with competitive compensation.

§Median includes Gross Salary excluding Retirals. The number of employees include Part Time Store Employees however the remuneration has been normalised for comparability.

Gross wages paid to females as % of total wages paid by the entity, in the following format:

Gross wages paid to females as % of total wages	30%	27%

4. Do you have a focal point (Individual/Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Westlife operates as a responsible corporate entity, dedicated to promptly addressing any concerns or grievances raised by its stakeholders, in accordance with its Code of Conduct. This Code underscores Westlife's commitment to upholding human dignity, preventing discrimination, and ensuring fair treatment for all individuals within its business ecosystem. Moreover, the Board also has approved a whistle-blower policy/vigil mechanism which is communicated to all the employees of the company to govern unethical behavior within the company, enabling employees to voice their concerns about any unethical practices. The policy provides a mechanism for employees/Directors to report their concerns about unethical behaviour, actual or suspected fraud, or violation of the Company's code of conduct and provides safeguards against the victimisation of employees/Directors who avail of the mechanism.

Primarily, the Human Resources (HR) function within the organisation is entrusted with managing human rights issues and resolving them in due time. If these issues remain unresolved, they are escalated through the leadership hierarchy, ultimately reaching the board for resolution. However, there are no critical concerns that threatens the going-concern status of the Company.

Business Responsibility & Sustainability Report

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

Westlife follows a two-step approach to addressing human rights grievances to ensure swift and appropriate resolution. Initially, individuals are encouraged to raise their concerns with the HR team, which is equipped to handle such matters effectively and in accordance with established protocols.

However, should the grievance remain unresolved at the HR level, it will be escalated to the leadership team and the board to review the grievance, assess any actions taken so far, and determine a course of action to achieve a satisfactory resolution in alignment with the company's values and commitment to human rights.

6. Number of Complaints on the following made by employees and workers:

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

No observation is identified, hence corrective action is not applicable. However, being a responsible company, we ensure continuous monitoring and capability building of internal and external stakeholder on the aspects mentioned above.

Leadership Indicators

1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

During the reporting period, no business processes have been modified or introduced for addressing human rights grievances/complaints.

2. Details of the scope and coverage of any Human rights due diligence conducted.

We uphold the principles of respecting human rights by ensuring adherence to our Code of Conduct, applicable to all our employees. Moreover, our Supplier Code of Conduct articulates our expectations regarding human rights and encourages our suppliers to align with these standards. Every supplier is also evaluated under our Supplier Workplace Accountability audit which covers aspects of Human rights, however no formal Human rights due diligence is conducted.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, our office and many stores premises are accessible to differently abled visitors.

4. Details on assessment of value chain partners:

Human rights	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	Over 95% of value chain partners (by value of business done with such partners) were assessed for the given parameters. Supplier Workplace Accountability (SWA) audit is conducted every year for our value chain partners wherein we cover evaluation of aspects such as compliance with labor laws, workplace environment, environmental management, working conditions and adherence to ethical business practices. Business agreements and contracts with any party include relevant clauses on the affirmation of applicable regulatory requirements which include most of these aspects.
Discrimination at workplace

Note: The figures for FY23 have been restated post year end reconciliation.

The Scope 1 calculations (CH₄, CO₂, N₂O, HFCs) are from the fuel usage and fugitive emissions from refrigerants at stores in India. Scope 2 calculations are from the electricity consumption. Further, Scope 1 and 2 calculations are undertaken using guidelines and emissions factors prescribed by globally accepted frameworks and standards such as GHG Protocol and Emissions factor from IPCC & DEFRA. The emissions have been consolidated using 100% financial control approach.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

There is no Independent Assessment done. All the required statutory and internal inspections/ audits are carried out on a periodic basis.

8. Does the entity have any project related to reducing Greenhouse Gas emission? If yes, then provide details.

Westlife upholds a strong commitment to sustainability and environmental stewardship, as evidenced by various initiatives aimed at minimising its environmental footprint. We transitioned from polluting fuels to environmentally friendly Natural Gas (PNG), thereby reducing greenhouse gas emissions. Additionally, in order to decrease the reliance on non-renewable sources of energy, we have set up solar panels for capturing solar energy.

9. Provide details related to waste management by the entity, in the following format:

^Food, Beverage, Paper and Plastic waste generated at restaurants is disposed to a municipal waste collector. E-waste is disposed through a certified recycler.

Note: Food, Beverage, Paper and Plastic waste is generated at restaurant level and estimated using procurement and consumption data.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

There is no Independent Assessment done. All the required statutory and internal inspections/ audits are carried out on a periodic basis.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

As part of the Company's dedication to minimising its environmental footprint, various waste materials are disposed of in accordance with the guidelines set forth by the Central Pollution Control Board. Plastic waste is managed and recycled in compliance with Extended Producer Responsibility (EPR) obligations. Used cooking oil is responsibly transferred to a vendor for recycling. Municipal waste is disposed of in accordance with applicable Solid Waste Management Rules. Additionally, we engage with certified e-waste handlers for disposal of e-waste.

Moreover, the company does not generate any toxic or hazardous waste/chemicals. Any cleaning chemicals used are disposed of in accordance with relevant disposal regulations.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details:

No biodiversity assessment is conducted for the company or its operations as none of its business, franchises or offices are located in ecologically sensitive areas. However, we continuously review our policies on animal welfare, sourcing, and environmental impact to ensure that we remain good corporate citizens in the communities we serve.

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

All environmental requirements are covered by various local laws and regulations. Given the nature of our industry, we are not at risk of endangering surroundings or species, as we do not operate in ecologically sensitive areas. Consequently, the company has not conducted any environmental impact assessments in FY 2023-24.

Business Responsibility & Sustainability Report

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Serial Number	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective taken, if any action
	The Company is compliant with all applicable environmental laws/ regulations/ guidelines and there were no material non-compliances/penalties/fines levied against the company

Materials used by weight/volume:

Considering the business operations of WFL, food materials form the cornerstone of our production, comprising significant 92% of our total material usage, followed by packaging materials and oil, which are also crucial to our operations. These insights are derived from our top 50 SKUs, which collectively account for over 75% of our material consumption.

Corporate Governance

Our corporate governance framework guides our business strategies, enables financial accountability, and promotes ethical conduct; thereby ensuring fairness and transparency for our stakeholders. It sets the tone for how our company operates and establishes guidelines for behaviour and decision-making. The framework is well designed in a way that it can be effectively cascaded throughout the various wings of the company and is in line with the core values and purpose of our organisation.

I. Promoting values and commitment¹

We are committed to maintaining the highest standards of ethics and integrity in all our operations. As the operators of McDonald's franchises in West and South India, we recognise that our reputation is built on the trust we establish with our customers, employees, suppliers, and the communities we serve. To uphold this trust, we adhere to **a comprehensive "Standards of Business Conduct"** document, which serves as our code of conduct and sets out the ethical guidelines and expectations for employees' behavior, decision-making, and interactions with stakeholders.

Additionally, to ensure that the core values of environmental, social, and economic sustainability guide us as well as our employees and business partners in daily business activities, we have developed and implemented a set of dedicated policies to the existing ones. Each department pertaining to their domain assumes the responsibility for one or more policies implemented within the company. Aspects of the material policies and code of the company is mentioned below:

Code of conduct

At the heart of our organisation are the values that drive the actions of our Board of Directors, Senior Management, and every team member. These values underpin our commitment to transparency, integrity, and business ethics, guiding our operations. Our dedication to these principles is embodied in our Code of Conduct (CoC) and Internal Policies, which lays the foundation for the conduct of our Company and all its stakeholders. They serve as the definitive compass, guiding us in matters of anti-corruption measures, upholding human rights, embracing social responsibility, and

¹Some of the policies mentioned under this section are available on company's intranet.

Business Responsibility & Sustainability Report

championing environmental protection. Please find the policy here: <https://www.westlife.co.in/investors-compliance-and-policies.php>

Our members have demonstrated adherence to our CoC, as there have been no instances of complaints, concerns, or issues raised concerning matters of diversity, or any other form of abuse. No cases of non-compliance were reported pertaining to social and economic parameters and similarly there were no cases of corruption and bribery. We also had no cases of non-compliances with respect to local laws applicable to us or any anti-trust or anti-competitive behavior in which the Company has been identified as a participant.

Corporate Responsibility and Transparency in Tax Management

We are committed to corporate responsibility, transparency, and ethical business practices in our tax management. We adopt best tax practices within the framework of Indian tax laws which outlines our approach to tax governance, compliance, planning, risk management, and engagement with tax authorities, emphasising corporate responsibility, transparency, and ethical business practices.

Building trust through data privacy & cybersecurity

At Westlife, the protection of data goes beyond regulatory obligations; it is a cornerstone of our commitment to our stakeholders. Safeguarding personal information, whether it belongs to our customers, employees, or business partners, is essential for building and maintaining trust and loyalty.

Our dedication to data security involves implementing stringent practices that protect sensitive information from potential cyber threats. By doing so, we ensure that our operations remain secure and uninterrupted, providing consistent and reliable service to our customers.

To reinforce our commitment to data protection and ethical business practices, Westlife clearly outlines the types of information we collect and details how the data is used, stored, and accessed by third parties.

Human rights and collective bargaining

Human rights emerged as one of the top three material topics in the materiality assessment conducted for the company this year.

Even our Code of conduct embodies our values and policies related to human capital, ensuring the protection of human rights across all aspects of our operations. Human rights commitments are integral to all our business agreements and to reinforce these commitments, we provide comprehensive training on human rights policies and commitments to all employees before on boarding the company. We are dedicated to safeguarding employee interests through various measures, including a robust whistle blower mechanism that offers a secure platform for voicing concerns with complete anonymity. To further align our human capital with our core values, we conduct regular training sessions for all employees. This includes specific training on the Prevention of Sexual Harassment to build a safe and respectful workplace. Additionally, the training requirements also apply to third-party organisations providing security personnel and 100% of our security personnel are trained on human rights policies.

In FY 23-24, no complaints of Human Rights violations or discrimination were reported along with **zero (0) cases** of child labour and/or forced labour and/or involuntary labor, and/or discriminatory violations.

Our internal policies guide our employment practices where we don't restrict any employee from forming an association. We don't hire any employees against their will or wrongfully detain them on the job. Every employee has the right to terminate his/her contract as per our policies. In line with our commitment, we encourage open dialogue and constructive engagement between management and employees. Hence, we are dedicated to upholding the rights of employees to associate freely and provide the necessary support and resources to facilitate effective collective bargaining processes whenever necessary.

ESG Commitment: Sustainable and Ethical Practices

Our commitment to sustainable and ethical practices spans all operations. We are dedicated to reducing our environmental impact, ensuring social responsibility, and maintaining high standards of corporate governance. We pledge to achieve net-zero greenhouse gas emissions by 2050, implement efficient water management, and source ingredients sustainably. Our focus includes sustainable packaging, eliminating single-use plastics, and increasing the use of recyclable materials.

Socially, we emphasise ethical supplier practices, employee well-being, community engagement, and ensuring customer health and safety. In governance, we ensure ethical business practices, transparency, regulatory compliance, and active stakeholder engagement, all aimed at building long-term sustainability and accountability.

II. Board and its committees

The Board of Directors serves as the highest governing body responsible for overseeing and guiding the Company's core areas of focus, as well as shaping its overall business mission, vision, values, and strategy. As the highest authority, the board assumes the vital responsibility of thoroughly reviewing and monitoring the Company's performance, encompassing both financial and non-financial aspects.

The appointments of the proposed directors are placed at the Annual General Meeting of the Shareholders of the Company for their consideration and approval and only after the required majority approves the candidature, the Director regularised to be a part of the Board of Directors of the Company and its Committees.

The Composition of the Board constituted Committees ensures an optimum mix of non-executive (including Independent Directors) and Executive Directors basis the required expertise/knowledge of the Directors in line with the terms of reference of the Committee.
