# BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORTING FOR THE FY 2023-24

#### Introduction:

Sustainability is beyond managing environmental risks and is about building resilience into the organization that is attained through Environmental, Social and Governance (ESG) agenda within and with external stakeholders.

The company is focused on executing a strong ESG plan by working with all relevant stakeholders as well as in its own operations.

The company's sustainability strategy is to support its customers and suppliers to reduce emissions and achieve carbon neutrality in its own operations and focus its commitment to responsible business practices. Several policies and standards are in place to underpin it sustainability core values, covering business ethics and governance, the Dynamatic Code of Conduct, Supplier Code of Conduct, the CSR Policy, and Health & Safety Policy.

# **SECTION A: GENERAL DISCLOSURES**

# I. Details of the listed entity

- Corporate Identity Number (CIN) of the Listed Entity: L72200KA1973PLC002308
- Name of the Listed Entity: Dynamatic Technologies Limited
- 3. Year of incorporation: 1973
- Registered office address: JKM Plaza, Dynamatic Aerotropolis, 55, KIADB Aerospace Park, Bangalore 562149
- Corporate address: JKM Plaza, Dynamatic Aerotropolis, 55, KIADB Aerospace Park, Bangalore 562149
- 6. E-mail: investors.relations@dynamatics.net
- 7. Telephone: + 91 80 2111 1223/ +91 80 2204 0535
- 8. Website: www.dynamatics.com

- Financial year for which reporting is being done 1st April 2023 to 31st March 2024
- Name of the Stock Exchange(s) where shares are listed: BSE & NSE
- 11. Paid-up Capital: INR 6,79,14,430
- 12. Name and contact details (telephone, email address) of the person who may be contacted in case of any queries on the BRSR report:

| No. | Particulars                | Details                                |  |  |
|-----|----------------------------|--|--|--|
| 1   | DIN Number (if applicable) | 05205364                               |  |  |
| 2   | 2 Name Mr. P S Ramesh      |  |  |  |
| 3   | Designation                | Executive Director –<br>COO Hydraulics |  |  |
| 4   | Telephone<br>number        | + 91 80 2111 1223<br>+91 80 2204 0535  |  |  |
| 5   | E-mail Id                  | investor.relations@<br>dynamatics.net  |  |  |

13. Reporting boundary - Are the disclosures under this report made on a standalone basis (i.e. only for the entity) or on a consolidated basis (i.e., for the entity and all the entities which form a part of its consolidated financial statements, taken together).

The disclosures under this report are made on Standalone basis.

13a. Name of Assurance Provider - NA

13b. Type of Assurance obtained - NA

# II. Products/services

14. Details of business activities (accounting for 90% of the turnover):

| S.<br>No. | Description of Main Activity   | Description of Business Activity   | % of<br>Turnover of<br>the entity |
|-----------|--|--|-----------------------------------|
| 1.        | Dynamatic Technologies Limited designs and builds highly engineered products for Aeronautic, Hydraulic and Security applications. With futuristic design, engineering and manufacturing facilities in Europe and India, the company can meet customers' exacting requirements on 6 continents. | Aerospace: Dynamatic-Oldland Aerospace® is a demonstrated leader for the development of exacting Airframe Structures and Precision Aerospace Components.  Hydraulics: The Dynamatic Hydraulics® production facilities in Bangalore employ cutting-edge technologies and modern machinery to manufacture an extensive range of Hydraulic gear pumps in cast iron and aluminium, that find application in agricultural equipment, construction equipment, material handling equipment, mining and drilling equipment and in marine applications. | 100%                              |

15. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

| SI.<br>No. | Product/Service  | NIC<br>Code | % of total Turnover contributed |
|------------|--|-------------|---------------------------------|
| 1.         | Boeing Chinook Ramp & Pylon, P8 Power & Mission Cabinets,<br>Control Surfaces of T-7A Red Hawk Program Bell 407 Helicopter<br>cabins<br>Airbus Flap Track Beams for A318, A319, A320, A321 & A330<br>family of aircrafts | 3030        | 49.55%                          |
| 2.         | Hydraulic Gear Pumps and Motors<br>Rock Shaft Assembly & Hitch Control Valves Lube Oil & Water<br>Pumps  | 2813        | 50.44%                          |

#### III. Operations

16. Number of locations where plants and/or operations/offices of the entity are situated:

| Location      | Number of plants | Number of offices | Total |
|---------------|------------------|-------------------|-------|
| National      | 5                | 3                 | 8     |
| International | 3                | 5                 | 8     |

- 17. Markets served by the entity:
  - a. Number of locations

| Locations                        | Number   |
|----------------------------------|--|
| National (No. of States)         | PAN - India  |
| International (No. of Countries) | DTL exports to countries across Asia, Europe, and US |

- b. What is the contribution of exports as a percentage of the total turnover of the entity :54.48%
- c. A brief on types of customers

# Aerospace:

Dynamatic-Oldland Aerospace® (DOA) is a pioneer and leader in the Indian private sector for the manufacture of high precision airframe and aerospace components. The Company has best in class infrastructure for catering to the needs of global OEMs such as Airbus, Boeing, Bell Helicopters, Dassault Aviation, Deutsche Aircraft, and Thales. Domestically, the Company is working with the defence sector PSU's such as HAL and BEL. The major products of the Aerospace & Defence segment are control surfaces such as wing, ailerons and wing flaps, fuselages, doors and other key flight critical airframe structures such as flap track beams. Over the period, the Aerospace division has developed excellent capabilities in automated robotic machining, five axis components in aluminium, steel, and titanium. The Company has also expertise in tooling capabilities.

#### **Hydraulics:**

The Dynamatic Hydraulics® facility has over 50 years of experience in the design and manufacture of Gear Pumps and supplies products to Agricultural, Construction and On-Highway vehicle manufacturers.

It designs and manufactures hydraulic gear pumps in both aluminium and cast iron, available in multiple frame sizes. The product range includes high-efficiency gear pumps, low noise pumps, high-pressure pumps, axial piston pumps, low torque high-speed hydraulic motors, plunger hand pumps, hitch control valves, rock shaft assemblies, power steering valves, and mobile control valves for global OEMs. The business unit also manufactures bespoke, high-flow scavenging pumps, lube oil pumps, and water pumps for high-horsepower engines, which are used in off-highway vehicles, marine, and offshore equipment. Additionally, the Company designs and builds customized hydraulic solutions, from simple hydraulic pumping units to complex marine power packs, aircraft ground support systems, and turnkey industrial installations. The key customers include global OEMs such as Mahindra & Mahindra, John Deere, JCB, Tafe, Cummins, Alexander Dennis, Macdon, ACE.

# IV. Employees

- 18. Details as at the end of Financial Year: 2023-24
  - a. Employees and workers (including differently abled):

| SI.       | Particulars              | Total (A) | Ma      | ale       | Female  |           |  |  |
|-----------|--------------------------|-----------|---------|-----------|---------|-----------|--|--|
| No.       | Particulars              | TOTAL (A) | No. (B) | % (B / A) | No. (C) | % (C / A) |  |  |
| EMPLOYEES |                          |           |         |           |         |           |  |  |
| 1.        | Permanent (D)            | 429       | 385     | 90%       | 44      | 10%       |  |  |

# 24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

| SI.<br>No. | Material<br>issue<br>identified       | Indicate<br>whether<br>riskor<br>opportunity<br>(R/O) | Rationale for identifying the risk / opportunity   | In case of risk,<br>approach to adapt or<br>mitigate   | Financial implications of the risk or opportunity (Indicate positive or negative implications) |
|------------|---------------------------------------|---|--|--|--|
| 1          | Stakeholder<br>engagement             | Opportunity   | Opportunity to engage and seek stakeholder inputs to integrate non business practices as appropriate   | Have stakeholder<br>engagement process<br>set that is followed. The<br>company has a continual<br>stakeholder engagement<br>process                        | Positive   |
| 2          | Carbon<br>reduction                   | Opportunity   | Opportunity to move towards energy efficiency, fuel switching, combined heat and power, use of renewable energy, and the more efficient use and recycling of materials and address climate change  | Several initiatives are underway internally to focus on carbon reduction and address efficiency and overall reduce emissions and address climate change    | Positive   |
| 3          | Operations<br>environment             | Opportunity   | Opportunity to bring in resource conservation and reduced costs along with mitigating negative impacts of noncompliances   | All environmental compliances are met through a compliance tool and operational improvements undertaken to address key KPI under environment               | Positive   |
| 4          | Products<br>Solutions and<br>Services | Opportunity   | Opportunity towards improving products and services and from the sustainability aspects, address aspects of resource conservation, energy and climate change aspects   | Internalized with R&D and all aspects of product and service management aspects  | Positive   |
| 5          | Human Rights<br>& labour              | Risk  | Responsibility to identify<br>and manage Human<br>Rights risks in its<br>operation and supply chain<br>and mitigate from adverse<br>risks and consequential<br>damages   | Have Human Rights policy and detailed process set along with due diligence procedures to evaluate Human Rights risks at all levels of operations           | Negative   |
| 6          | Health and<br>Safety                  | Risk  | Managing safety and health is an integral part of managing a business. Businesses need to do a risk assessment to find out about the hazards and risks in their workplace(s) and put measures in place to effectively control them to ensure these hazards and risks cannot cause harm to employees and workers. | Several initiatives and programs have been insisted to address all aspects of managing health and safety and closely monitored for continual improvements. | Negative   |

| 7  | Diversity and Inclusion  | Opportunity | The company is powered by the diverse perspectives, skill sets and life experiences of their employees. To tap into the full potential of human diversity, the company looks at diversity and create an inclusive working culture underpinned by a fundamental sense of belonging, fairness and equity, enabling people to bring their 'full self' to work and achieve operational efficiency | The company has D&I focus with actionable plan to include diversity and inclusion in every way  | Positive |
|----|--|-------------|---|---|----------|
| 8  | Data privacy   | Risk        | Risk as non-compliance<br>aspects. Laws global<br>and local require strict<br>adherence with respect to<br>data privacy   | At DTL, respecting personal data protection rights are priority. DTL has adopted global data protection standards to ensure a standardized and high level of protection of Personal Data which is processed by DTL Group Companies. | Negative |
| 9  | Environmental<br>Footprint<br>– Water<br>management                  | Risk        | Water scarcity can impair<br>the company's operations<br>and disrupt business   | Employee education<br>on saving water, more<br>efficient use of water in<br>campuses, Rain water<br>harvesting, recycling of<br>waste water.  | Negative |
| 10 | Social<br>Responsibility<br>– Alignment<br>with local<br>communities | Risk        | The business must be rooted in community and be aligned with the community's larger interests. Any adversarial relationship can hurt the company's ability to create longer term value.   | Fostering local communities, job creation, skill development, supporting local relief efforts where required in times of crisis and paying taxes.   | Negative |

#### SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorized as "Essential" and "Leadership". While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally, and ethically responsible.

# PRINCIPLE 1 Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

The company's integrity program in line with DTL Code of Conduct is committed to fostering a culture where integrity is embedded in its people, business, and processes. The company has a robust compliance and integrity program supported by processes and a zero-tolerance policy for any violations.

The company emphasizes the importance of fostering an inclusive culture that allows employees to exercise their voice and speak up when they have questions or concerns. Bribery and corruption are prohibited in all business dealings, whether with public officials or private sector business partners. Political and charitable contributions are subject to detailed internal policy and controls, Gifts, entertainment, and expenses policy defines thresholds, approval processes and their documentation. Agreements with subcontractors and consortium partners are aligned with the Company's commitment to integrity in the performance of the contract, including commitments not to violate anti-bribery laws. The Company's suppliers are required to maintain integrity standards which are satisfactory to the Company.

The Whistleblower Policy of the company creates a safe and confidential environment for employees to make such reports and the policy governs the reporting and investigation of alleged improper or illegal activities within the Company as well as the protection afforded to those employees who report them. All reports are subject to appropriate investigation and are brought to full closure using systematic processes and tracking systems.

The Company has an Internal Complaints Committee for the prevention of sexual harassment as a part of the sexual harassment of women at workplace (Prevention, Prohibition and Redressal) Act, 2013 that aims to provide protection against sexual harassment of women in the workplace and for prevention and redressal of complaints of sexual harassment and for matters connected therewith or incidents thereto. The company has constituted the Internal Complaints Committee at each location and establishments (all locations where more than 10 women are employed).

The Company, during the year, continued its efforts to communicate and provide training and awareness sessions to its employees on key Dynamatic Group policies on integrity including the DTL Code of Conduct.

#### **Essential Indicators**

1. Percentage coverage by training and awareness programmes on any of the principles during the financial year:

| Segment                                    | Total number of<br>training and awareness<br>programmes held  | Topics/ principles covered under the training and its impact  | % age of persons in respective category covered by the awareness programmes |
|--|---|---|---|
| Board of<br>Directors                      | Undertaken at the time of appointment and familiarized at regular intervals, in each board meeting / leadership discussion as specified in the next column. The total number of training and awareness programmes held; 1 (One) | Independent Directors of the Company at the time of their appointment are familiarized on the Company's Core Values, Code of Conduct including the purpose and the business it operates in. At each meeting of the Board/Audit Committee, members also deliberate on key integrity matters that helps to reflect and focus on key strategies. As a part of Board, Audit and CSR agenda, members also discuss various sustainable initiatives of the Company, including regulatory and economic trends in the country. | 100 %   |
| Key<br>Managerial<br>Personnel             | are familiarized. This helps the  | and Ethics, Core Values and Code of Conduct<br>e KMP's to drive the Company's values and<br>tivities. The total number of training and<br>1 (One)   | 100%  |

#### Leadership indicators:

1. Awareness programmes conducted for value chain partners on any principles during the financial year:

In the Company's Supplier code of Conduct and general terms and conditions, the Company has emphasized all integrity aspects which are applicable to all suppliers. The awareness programs on DTL code of conduct, Supplier Code of Conduct, Conflict of Interest, Data Privacy, etc., are being periodically conducted by the respective divisions.

Does the entity have processes in place to avoid/manage conflict of interests involving members of the Board? (Yes/No) If yes, provide details of the same.

Yes. The Company receives an annual declaration from its Board members and KMP on the entities they are interested in and ensures requisite approvals as required under the statute as well as the Company's policies are in place before transacting with such entities/individuals.

# PRINCIPLE 2: Business should provide goods and services in a manner that is sustainable and safe

The Company invests significantly in research and development focusing on developing and commercializing the technologies, products and solutions that are of strategic importance for the future growth of the organization. In addition to continuous product development, and order-related engineering work, DTL protects the results of its R&D by holding patents, copyrights, and other appropriate intellectual property protection.

Through collaboration with business partners, the Company aims to enhance supplier relationships, ensure the highest quality standards and create a sustainable supply chain. The DTL Supplier Code of Conduct, clearly explains the requirements about areas such as Human Rights, fair labor conditions, business ethics, health & safety, and environment & material compliance, as part of DTL's general terms and conditions from its existing and potential business partners.

# **Essential indicators:**

 Percentage of R&D and capital expenditure (CAPEX) investments in specific technologies to improve the environmental and social impacts of products and processes to total R&D and Capex investments made by the entity, respectively:

DTL has been investing in building green campuses. All of this, along with greater use of renewable energy has helped DTL bring down its carbon footprint.

2(a) Does the entity have procedures in place for sustainable sourcing? (Yes/no)

Yes. Responsible sourcing has been an area of focus for many years, with a series of policies and programs in place to strengthen performance and partnerships in the supply chain. Through collaboration with its business partners, the Company aims to enhance supplier relationships, ensure the highest quality standards, and create a sustainable supply chain.

The Company has policies and robust processes to ensure sustainable sourcing from Business Associates. The Company's Supply Chain policy governs all the engagements with Business Associates. The Company also evaluates Business Associates' commitment to the Company's supply chain management policy during selection/award of contract.

The Company practices responsible sourcing with respect to environment, safety, human rights, and ethics, apart from economic considerations. Strict confirmation of labour principles and related laws are mandatory requirements for suppliers to qualify. Works methods and standards, along with performance of supply and services, form a critical part of technical evaluation. In addition, safety evaluation and qualification are an integral part for the award and online vendor registration process.

- 2(b) If yes, what percentage of inputs were sourced sustainably? 100%
- 3. Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.
- a) Plastics (including packaging) For damaged product packaging, the product is reclaimed at the depots and is returned to the respective factories for repacking. Further, the expired products are sent for incineration to an authorized agency in accordance with the Hazardous Waste Management Rules, 2016 ('the Rules')
- b) E- waste A pan India based agency authorised by the Pollution Control Board is selected for ensuring safe disposal of e-waste with minimal environmental impact
- c) Hazardous waste Hazardous waste is categorised as per the Rules and is sent to the authorised end users for utilising the same and converting it into useful products. The remaining hazardous waste is sent for proper disposal at the Pollution Control Board's authorised facilities.
- **d) Other waste** Non-hazardous waste is sent to the authorized agency for safe disposal.
- 4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes. Plastic waste generated from end products is disposed off under EPR with the help of an agency authorised by the Central Pollution Control Board (CPCB).

#### **Leadership Indicators**

- 1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for services (for service industry)? If yes, provide details in the following format?
  - The Company is in the process of carrying out LCA for its manufacturing unit. The Company also assesses its Carbon Footprint.
- 2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

| Name of Product/ Service | Description of the risk/ concern | Action taken |
|--------------------------|----------------------------------|--------------|
| Nil                      | Nil                              | Nil          |

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

| Indicate input | Recycled or re-used input material to total material |                                    |  |  |  |
|----------------|--|------------------------------------|--|--|--|
| material       | FY 2023-24 Current Financial Year                    | FY 2022-23 Previous Financial Year |  |  |  |
| NIL            | NIL  | NIL                                |  |  |  |

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

|                                | FY 2023-24<br>Current Financial Year |          |                 | FY 2022-23<br>Previous Financial Year |          |                 |  |
|--------------------------------|--------------------------------------|----------|-----------------|---------------------------------------|----------|-----------------|--|
|                                | Re-used                              | Recycled | Safely Disposed | Re-used                               | Recycled | Safely Disposed |  |
| Plastics (including packaging) | NA                                   | NA       | 5.21            | NA                                    | NA       | 5.16            |  |
| E-waste                        | NA                                   | NA       | -               | NA                                    | NA       | 1.77            |  |
| Hazardous waste                | NA                                   | NA       | 17.97           | NA                                    | NA       | 7.54            |  |

| NA | NA  |

# PRINCIPLE 3: Business should respect and promote the well-being of all employees including those in their value chains.

The Company is focused on creating and ensuring a healthy workplace, free from occupational hazards, to realize its aim of zero incidents. To achieve this vision, emphasis has been on making and implementing rules, training employees on preventive measures, and setting up fool-proofing measures on site. This is further complimented by the implementation of best-inclass engineering standards for design and project execution. This has enabled the company to keep workplace hazards to a minimum. The Company also provides various health benefits such as regular health check-ups and health related awareness programmes for the employees. These initiatives are conducted across all Company facilities and are in line with the Company's objective of maintaining a healthy and motivated workforce.

The Company also undertakes activities which are focused on health and safety of its employees on the shop floor. Awareness campaigns have been undertaken to enforce the use of personnel protective equipment (PPE) at work. At the same time, the Company has been successful in merging the EMS and OHSAS requirements into a common management system called IMS. This has avoided unnecessary duplication of work in monitoring and maintenance of records. The facilities are also certified for ISO 45001 on Occupational Health and Safety Management System by DQS.

Health awareness and health promoting programs continued to be rendered by health professionals of the company on various platforms.

#### **Essential Indicators**

1. a. Details of measures for the well-being of employees:

|          | % of employees covered by |          |           |          |                                       |           |                 |                    |          |                     |           |
|----------|---------------------------|----------|-----------|----------|---------------------------------------|-----------|-----------------|--------------------|----------|---------------------|-----------|
| Category | Total                     | Health I | nsurance  | Accident | Accident Insurance Maternity Benefits |           | <b>Benefits</b> | Paternity Benefits |          | Day Care Facilities |           |
|          | (A)                       | Number   | % (B / A) | Number   | % (C / A)                             | Number    | % (D / A)       | Number             | % (E /A) | Number              | % (F / A) |
|          |                           | (B)      |           | (C)      |                                       | (D)       |                 | (E)                |          | (F)                 |           |

| Gratuity               | 100%   | 100%  | Yes   | 100%   | 100%  | YES  |
| ESI                    | 6%   | -   | Yes   | 8.5%   | -   | YES  |
| Others– please specify | -  | -   | -   | -  | -   | -  |

3. Accessibility of workplaces

Are the premises / offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Most of our working locations are accessible to differently abled persons

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a weblink to the policy.

The Company is governed by the DTL Code of Conduct whereby all the employees and those eligible are provided with equal opportunities. The Company is committed by an inclusive work culture without any discrimination on the grounds of race, caste, religion, color, marital status, gender, sex, age, nationality, ethnic origin, disability, and such other grounds as prescribed and protected by the applicable laws. The DTL Code of Conduct can be accessed at: https://dynamatics.com/Investors/Shareholder-Information/

5. Return to work and Retention rates of permanent employees that took parental leave

| Gender | Permanent           | employees      | Permanent workers   |                |  |
|--------|---------------------|----------------|---------------------|----------------|--|
| Gender | Return to work rate | Retention rate | Return to work rate | Retention rate |  |
| Male   | 100%                | 100%           | 100%                | 100%           |  |
| Female | NA                  | NA             | NA                  | NA             |  |

Is there a mechanism available to receive and redress grievances for the following categories of employees? If yes, give details of the mechanism in brief.

| Particulars                    | Yes/No (if yes, then give details of mechanism in brief) |
|--------------------------------|--|
| Permanent Workers              |  |
| Other than Permanent Workers   | Voo  |
| Permanent Employees            | Yes  |
| Other than Permanent Employees |  |

Employees are encouraged to share their concerns with their reporting managers, the HR department, and members of the Senior Leadership Team. Apart from this, an Ethics and POSH escalation mechanism is also available.

The Company, on a regular basis, sensitizes its employees on the same as well. It is mandatory for new employees to read, understand and affirm to the DTL Code of Conduct document as part of the induction program.

Employees can raise their concerns to Ethics Counsellors, POSH Committee Members and through whistleblower channel.

The concern received, if any, is investigated by the authorized persons by gathering, validating and analysing the data.

The observations and findings / recommendations are shared with the Counsellors. The documentation of the action taken is filed for records. Periodically, these concerns are reviewed by the Audit Committee Members. The lessons learnt are also shared during the quarterly Employee Communication meetings.

7. Membership of employees and worker in association(s) or Unions recognised by the listed entity:

- 10. Health and Safety Management System
  - a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such a system?

Yes. Safety is a core value over which no business objective can have a higher priority. The Safety & Health Management system covers activities across all manufacturing locations, offices, research laboratories and supply chain partners and ensures the protection of environment, health & safety of its employees, contractors, visitors and all other relevant stakeholders including ISO 45001:2018 requirement.

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The Company has a process for Risk Management which is essential for preventing incidents, injuries, occupational disease, emergency preparedness and business continuity. There is a structured Risk Assessment & Management process which is regularly reviewed, and mitigation plans are put in place to reduce the risk.

For all activities including routine or non-routine, hazards are identified by a trained cross functional team and risk assessment is done through Standard Operating Procedures (SOP) which is referred to before starting any activity. Identified hazards and associated risks are addressed through operational control measures using a hierarchy of control approach.

 Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes. A process for incident management exists including incident reporting, investigation, and implementation of appropriate corrective measures. Employees, contractual staff, and visitors are all expected to report incidents including near-miss and potential hazards in addition to accidents.

 Do the employees/workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No)

Yes. All the sites have access to non-occupational medical and healthcare services either on-site or through tie-ups with reputed medical entities in proximity.

11. Details of safety related incidents, in the following format

| Safety<br>Incident/<br>Number   | Category<br>(including<br>contract<br>workforce) | FY 2023-24<br>Current<br>Financial<br>Year | FY 2022-23<br>Previous<br>Financial<br>Year |  |

12. Describe the measures taken by the entity to ensure a safe and healthy workplace

At DTL, a culture of safety is encouraged across hierarchies by promoting behavior-based safety, process safety and road safety as key focus areas among its workforce. DTL is taking various measures to further strengthen its process safety through enhancing automation in processes and unit operations. Safety Audit conducted at all manufacturing sites by corporate safety to identify and rectify the gaps in workplace safety.

The company reviews and monitors the safety, health, environmental and sustainability practices, processes, standards, and activities to ensure compliance with appropriate laws and legislation. This also provides valuable direction and guidance to the Management to ensure that Safety and Sustainability implications are duly and timely addressed. All the incidents are reported to the Risk Management Committee and are investigated and analyzed to avoid any recurrence.

13. Number of Complaints on Working Conditions and Health & Safety made by employees and workers:

|                       | FY 2023-2             | 24 (Current Financial Y               | ear)    | FY 2022-23 (Previous Financial Year) |                                       |         |  |

14. Assessments for the year:

| Particulars                 | % of your plants and offices that were assessed (by entity or statutory authorities or third parties  |
|-----------------------------|---|
| Health and safety practices | DTL locations have been certified with ISO 45001:2018, Occupational Health & Safety Standards. Statutory audits were conducted on health and safety practices during FY 2024 for our offices in India       |
| Working Conditions          | DTL locations are subject to site safety inspections and reviews periodically by internal health & safety team with the perspective of checking any health, hygiene and safety hazards and mitigating them. |

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

There were no significant risks/concerns arising from the health & safety practices and working conditions.

#### LEADERSHIP INDICATORS:

 Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (B) Workers (Y/N)

Yes. DTL has a scheme in place to provide financial assistance to the legal dependents of the permanent employees in case of death while in service through Employee Welfare Benevolence Scheme.

In addition to this, the employees are covered under the Group Medical Coverage (GMC) and Group Personal Accident (GPA) Policy. The GPA Policy is also being extended to the contract employees working in manufacturing units and offices.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

The Company monitors and tracks the compliance related to statutory dues by contractors supplying third party resources as a part of regular checks while processing the invoices. Periodic audits are also conducted to ensure compliance.

3. Provide the number of employees/ workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment

|           | Total no. of affected  | employees/ workers | employment or who                       | placed in suitable                       |
|-----------|--|--------------------|---|--|
|           | FY 2023-24 FY 2022-23 Current Financial Previous Financial Year Year |                    | FY 2023-24<br>Current Financial<br>Year | FY 2022-23<br>Previous Financial<br>Year |

| Workers   | Nil  | Nil                | Nil                                     | Nil                                      |

- 4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No) No
- 5. Details of assessment of value chain partners Please refer to point number 6
- 6. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners

The Company conducts EHS, system & regulatory audits of third parties, their warehouses and of suppliers at regular intervals to ensure compliance of various processes. Regular follow ups are being done to ensure implementation of suggested corrective / preventive actions.

# PRINCIPLE 4: Businesses should respect the interests of and be responsive of all its stakeholders

The Company has a wide variety of stakeholders and engaging with them helps the company understand their needs and supports its business.

# **Essential Indicators:**

1. Describe the process for identifying key stakeholder groups of the entity:

The Company identifies and engages with various stakeholders with the intention of understanding and addressing their expectations and developing short, medium, and long-term strategies of the Company. The internal and external groups of key stakeholders identified based on their immediate impact on the operations and working of the Company include Customers, Suppliers, Investors, Employees, Competitors, Regulators, Trade bodies, Local Communities & Trade Unions.

The Company also engages with the analysts and news media from time to time.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

| Stakeholder group                  | Whether identified as vulnerable & marginalised Group (Yes/No) | Channels of communication (E-mail, SMS, newspaper, pamphlets, advertisement, community meetings, notice board, website), other       | Frequency of<br>engagement<br>(annually/half yearly/<br>quarterly/others –<br>please specify) | Purpose and scope<br>of engagement<br>including key<br>topics and concerns<br>raised during such<br>engagement |
|------------------------------------|--|--|---|--|
| Shareholders                       | No   | Annual reports, earnings calls, newspaper advertisement/notices, the Company's website, annual general meetings, and press releases. | Quarterly/yearly  | Providing information<br>and update on<br>the Company's<br>performance   |
| Employees                          | No   | Code of Conduct,<br>trainings, workshops,<br>employee touch<br>base and grievance<br>mechanisms                                      | Need-based, quarterly   | Rewards, training and development, wellness and safety measures  |
| Customers                          |  | Meetings at the customer premises, events, conferences, trade shows, leadership meetings, programme reviews and satisfaction surveys | Need-based  | Product/service<br>information, customer<br>feedback   |
| Academic institutions              | No   | MoUs, technology<br>meetings, conferences,<br>and seminars   | Ongoing basis   | Capability development and research  |
| Suppliers, Vendors<br>and Partners | No   | Supplier code of conduct, contracts, training & awareness, and appraisals  | Ongoing and needbased   | Supplier sustainability  |
| Communities                        | No   | CSR policy, volunteering programmes.   | Quarterly and annually  | Community development  |
| Trade Union                        | No   | Right of all personnel<br>to form and join trade<br>unions of their choice<br>and bargain collectively                               | Need-based  | Long-term settlement<br>discussions and<br>training & development  |
| Competitors                        | No   | Through industry bodies, associations, seminars, exhibitions, and events   | Ongoing and needbased   | representing before statutory authorities Industry   |
| Regulatory bodies                  | No   | Statutes and regulations   | Need-based  | Statutory and regulatory compliances   |

#### Leadership indicators:

- Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or
  if consultation is delegated how is feedback from such consultations provided to the Board.
  - The Company's management regularly interacts with key stakeholders i.e. investors, customers, suppliers, employees etc. The Company has Risk Management and CSR Committees that update the progress of actions in respect to economic, environmental and social topics to the Board and takes inputs on a regular basis.
- Whether stakeholder consultation is used to support the identification and management of environmental and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.
  - Consultation with stakeholders on E, S & G topics are delegated to the departments within the organization who are also responsible for engaging with stakeholders continually. Within the domains of E, S and G, we are constantly thinking about the most important issues and preparing for them through these consultations.
- 3. Provide details of instances of engagement with and actions taken to address the concerns of vulnerable / marginalized stakeholder groups.
  - Women, the elderly, adolescents, youth, and children, persons with disabilities, are some of key vulnerable group identified as they experience the highest degree of socio-economic marginalization. These groups have limited capacities and opportunities to cope and adapt and hence the Company has priority to address these groups, especially rural children and gives them priority assistance under the Company's CSR policy.

#### PRINCIPLE 5: Businesses should respect and promote Human Rights

The Company recognizes that respect for Human Rights is an essential principle of our organization, and it is an integral part of our DTL Code of Conduct. The Company does not accept any form of discrimination, harassment or bullying within DTL or its supply chain and requires all our managers to implement processes to ensure equality of opportunity and inclusion for all DTL employees as well as for individuals employed in our supply chain. The emphasis of Human Rights is of utmost priority to DTL and the Group and has in place a range of key policies and processes that help to prevent child or forced labor within its operations and its value chain.

Dynamatic Technologies is always proud of its workforce, which is matured, involved, and identifies itself with the company's mission. The Company is constantly focussed on creating a conducive work environment through constant bilateral communication with an aim to achieve mutual growth. The Company has put in place HR development framework to ensure employees' career progression and greater connect with the vision and mission of the Company. This framework rides on multiple programs and opportunities for individual training and development, skill upgradation schemes, congenial atmosphere for labour-management relationship and equal opportunities. HR policies, practices and the work environment are constantly reviewed to make them current, inclusive, and enjoyable. The Company also strives towards acquiring, developing, management and retention of best talent in the market as we focus on optimizing workforce productivity and achieving growth for all.

The focus of the HR team is to promote the recognition of merit and hard work across the work force. They also work towards improving transparency and trust across the organisation. HR teams work towards inculcating Dynamatic's vision and values through training, sharing, inspiring, and celebrating, to promote a sense of belonging amongst all the employees of the Company.

#### **Essential Indicators**

 Employees / workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format

All employees are provided with Human Rights training. For all new employees who are onboarded, Human Rights awareness is part of the induction session. For worker category face to face/ classroom session on DTL Code of Conduct is done which includes aspects of Human Rights.

<sup>\*</sup>Sitting fees paid to Independent directors. However no sitting fees is paid to Non-Executive & Non- Independent directors

3(b) Gross wages paid to females as % of total wages paid by the entity, in the following format

|                                     | 2023-24 | 2022-23 |
|-------------------------------------|---------|---------|
| Gross wages paid to females as % of | 6.89%   | -       |
| total wages                         |         |         |

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes. The Business & Human Rights Policy has been adopted by the Company and the Audit Committee of the Board has an oversight into the progress.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The company upholds the principle of fairness in all its dealings, emphasizing the importance of collaboration with business partners and others. It firmly opposes any infringement upon human rights, including forced or child labor, both within its own operations and those of its partners. DTL is committed to upholding internationally recognized human rights standards, particularly among its employees and business associates. It fosters an environment of respect and support, valuing the personal dignity of each individual and promoting diversity while unequivocally denouncing discrimination or harassment within its workforce.

<sup>\*\*</sup> Salaries paid to CEO & MD, ED's, CFO & CS

<sup>#</sup> The employee numbers is calculated based on total employees during the year.

Moreover, the company has implemented a comprehensive grievance resolution mechanism, adhering to principles of natural justice, confidentiality, sensitivity, non-retaliation, and fairness. Concerns are addressed with utmost care and efficiency, ensuring timely action and closure. Through a meticulous investigation process, all parties involved are afforded the opportunity to present facts and evidence, guaranteeing fairness and transparency throughout.

6. Number of Complaints on the following made by employees

|                                      | FY 2023-24               |                                       |         | FY 2022-23               |                                       |         |

| Child Labour                         | -                        | -                                     | -       | -                        | -                                     | -       |
| Forced Labour/<br>Involuntary Labour | -                        | -                                     | -       | -                        | -                                     | -       |
| Wages                                | -                        | -                                     | -       | -                        | -                                     | -       |
| Other human rights related issues    | -                        | -                                     | -       | -                        | -                                     | -       |

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:

|  | 2023-24 | 2022-23 |
|--|---------|---------|
| Total complaints reported under<br>Sexual Harassment on of Women at<br>Workplace (Prevention, Prohibition and<br>Redressal) Act, 2013 (POSH) | NIL     | NIL     |
| Complaints on POSH as a % of female employees/workers  | NIL     | NIL     |
| Complaints on POSH upheld  | NIL     | NIL     |

- 8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases
  - I. An independent Internal Committee (IC) drawn from cross functional/location employees, follows the process/guidelines as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.
  - II. The Whistleblower Policy ensures that no unfair treatment will be meted out to a Whistleblower by virtue of his/her having reported a Protected Disclosure under the policy. The Company, as a policy, condemns any kind of discrimination, harassment, victimization, or any other unfair employment practice being adopted against Whistleblowers. Complete protection will, therefore, be given to whistleblowers against any unfair practices like retaliation, threat, or intimidation of termination/ suspension of service, disciplinary action, transfer, demotion, refusal of promotion, or the like including any direct or indirect use of authority to obstruct the whistleblower's right to continue to perform his/her duties/functions including making further Protected Disclosure.
- 9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, Human rights are part of the integrity clauses both sales and buy side. The company's code of conduct requires suppliers to uphold human rights in their businesses, prioritizing the absence of child and forced labour and upholding the laws of the land relating to human rights related aspects.

10. Assessments for the year

| Particulars Particulars     | % of your plants and offices that were assessed (by entity of statutory authorities or third parties) |
|-----------------------------|---|
| Child labour                | 100% by External Auditor  |
| Forced/ Involuntary labour  | 100% by External Auditor  |
| Sexual Harassment           | 100% by External Auditor  |
| Discrimination at workplace | 100% by External Auditor  |
| Wages                       | 100% by External Auditor  |
| Others - Please Specify     | -   |

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above – Not Applicable

#### LEADERSHIP INDICATORS

- 1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints
  - To assess actual and potential human rights impacts, DTL regularly conducts systematic human rights risk assessments and identify its salient human rights issues at the entity level and plans to implement appropriate measures to cease, prevent or mitigate adverse human rights impacts along its full value chain.
- 2. Details of the scope and coverage of any Human rights due diligence conducted
  - DTL's commitment to inclusivity and diversity, particularly in ensuring accessibility for differently abled individuals, is commendable. By designing work areas, restrooms, common spaces, and movement areas with accessibility in mind, DTL is not only meeting legal requirements but also fostering an environment where all employees feel valued and supported. This approach not only benefits individuals with physical disabilities but also enriches the workplace culture by promoting equality and understanding.
- 3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?
  - Yes, most of the locations are accessible to differently abled persons.
- 4. Details on assessment of Value chain partners

| Particulars Particulars          | % of Value chain partners (by value of business done with such partners) that were assessed |
|----------------------------------|---|
| Sexual Harassment                |   |
| Discrimination at workplace      |   |
| Child Labour                     | NIII  |
| Forced Labour/Involuntary Labour | - NIL   |
| Wages                            |   |
| Others – please specify          |   |

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above – Not Applicable

# Principle 6: Businesses should respect and make efforts to protect and restore the environment

DTL always plans and executes actions to ensure the protection of the environment, conservation of energy resources and at the same time has focus on the health and safety of all its employees. The DTL campus at Aerotropolis, Devanahalli has a well-managed green park. The company takes steps to ensure sustainable use of resources, maintaining ecological balance, and takes protective steps to minimise waste generation. Compassionate attitude towards environment is an integral part of operations and the company's vision of sustainable and responsible growth.

DTL is an ISO: 14001 certified company. The company is ensuring its environment footprint which is of utmost importance especially given the growing awareness and stringency concerning environmental laws globally and the need for industries to responsibly account for their impact on the environment. Accordingly, the company's policies are aimed towards optimizing usage of natural resources and implementing green technologies for production wherever possible. Techniques such as rainwater harvesting and wastewater treatment have been adopted at all plants to minimise water consumption and wastage, considering shortage of water has become a growing concern in our country.

The factory at Devanahalli is constructed with thermal roofing and thermal walls to conserve energy required to cool the interiors. The design also ensures 100% harvesting of rainwater. This enables adoption of systematic and quantifiable approaches and techniques to minimize impact on the environment.

The company has executed a Power Purchase Agreement with M/s Cleanmax Enviro Energy Solutions Private Limited to instal roof top solar power plant at the company's site and supply electricity from the solar power plant.

#### **Essential Indicators:**

1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format: (data reported are of all DTL India manufacturing units)

| Parameter  | FY 2023-24 | FY 2022-23 |
|--|------------|------------|
| From renewable sources   |            |            |
| Total electricity consumption (GJ) (A)   | -          | 4651.20    |
| Total fuel consumption (B)   | -          | -          |
| Energy consumption through other sources (C)   | -          | -          |
| Total energy consumed form renewable sources - GJ (A+B+C)  | -          | 4651.20    |
| From non-renewable sources   |            |            |
| Total electricity consumption (GJ) (D)   | 25685.94   | 24550.00   |
| Total fuel consumption (GJ) (E)  | 1135.06    | 748.98     |
| Energy consumption through other sources (GJ) (F)  | -          | -          |
| Total energy consumed from non-renewable sources (D+E+F)   | 26821.00   | 25298.98   |
| Total energy consumed (A+B+C+D+E+F)  | 26821.00   | 29950.18   |
| Energy intensity per rupee of turnover (Total energy consumed/Revenue from operations)   | 0.0000046  | 0.0000050  |
| Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed/Revenue from operations adjusted for PPP) | 0.00010    | 0.00011    |
| Energy intensity in terms of physical output   | 10.98      |            |
| Energy intensity (optional) – the relevant metric may be selected by the entity  | -          | -          |

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N). If yes, name of external agency: No

Note: The PPP value is recorded as 22.8 for 2023-24 and 22.63 for 2022-23, as per data obtained from the website: https://data.worldbank.org/indicator/PA.NUS.PPP?end=2022&locations=IN&start=2019

- 2. Does the entity have any sites/facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) if yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken if any Not Applicable
- 3. Provide details of the following disclosures related to water in the following format:

| Parameter  | FY 2023-24 | FY 2022-23 |
|--|------------|------------|
| Water withdrawal by source (in KL)   |            |            |
| i) Surface Water   | -          | -          |
| ii) Ground Water   | 33827      | 25260      |
| iii) Third party water   | 4585       | 13610      |
| iv) Seawater/desalinated water   | -          | -          |
| v) Others (Rainwater use)  | -          | -          |
| Total volume of water withdrawal (in KL) (i+ii+iii+iv+v)   | 38412      | 38870      |
| Total volume of water consumption (in KL)  | 38412      | 38870      |
| Water intensity per rupee of turnover (Water consumed/turnover) (KL/Rupees in Crores)  | 0.0000066  | 0.0000067  |
| Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption /Revenue from Operations adjusted for PPP) | 0.00015    | 0.00015    |
| Water intensity in terms of physical output  | 15.73      | -          |
| Water intensity (optional) – the relevant metric may be selected by the entity   | -          | -          |

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N). If yes, name of external agency: No

Note: The PPP value is recorded as 22.8 for 2023-24 and 22.63 for 2022-23, as per data obtained from the website:https://data.worldbank.org/indicator/PA.NUS.PPP?end=2022&locations=IN&start=2019

4. Provide the following details related to water discharged:

| Parameter  | FY 2023-24 | FY 2022-23 |
|--|------------|------------|
| Water discharge by destination and level of treatment (in kilolitres)                            |            |            |
| (i) To Surface water   | -          | -          |
| - No treatment   | -          | -          |
| - With treatment-please specify level of treatment   | -          | -          |
| (ii) To Groundwater  | -          | -          |
| - No treatment   | -          | -          |
| - With treatment-please specify level of treatment   | -          | -          |
| (iii) To Seawater  | -          | -          |
| - No treatment   | -          | -          |
| - With treatment-please specify level of treatment   | -          | -          |
| iv) Sent to third parties  | -          | -          |
| - No treatment   | -          | -          |
| - With treatment-please specify level of treatment   | -          | -          |
| v) Others (municipal sewerage system after State pollution control board permission)             | -          | -          |
| - No treatment   | -          | -          |
| - With treatment & complying with discharge Quality & Quantity limit based on Consent to Operate | 806.34     | -          |
| Total water discharged (in KL)   | 806.34     | -          |

5. Has the entity implemented a mechanism of Zero Liquid Discharge? If yes, provide the details of its coverage and implementation.

Yes. The company has installed highly efficient wastewater treatment systems (STP & ETPs) across all its manufacturing sites. In line with Zero Liquid discharge principle, our major units are recycling treated wastewater for irrigation, gardening as well as flushing purpose.

6. Please provide details of air emissions (other than GHG emission) by the entity, in the following format:

| Parameter                           | Please specify unit | FY 2023-24             | FY 2022-23              |
|-------------------------------------|---------------------|------------------------|-------------------------|
|                                     |                     | Current Financial Year | Previous Financial Year |
| NOx                                 | mg/Nm³              | 11.82                  | 12.02                   |
| Sox                                 | mg/Nm³              | 6.65                   | 7.20                    |
| Particulate matter (PM)             | mg/Nm³              | 24.61                  | 27.20                   |
| Persistent organic pollutants (POP) | NA                  | NA                     | NA                      |
| Volatile organic                    |                     | NA                     | NA                      |
| compounds (VOC)                     |                     | NA                     | NA                      |
| Hazardous air pollutants (HAP)      |                     | NA                     | NA                      |
| Others please specify               |                     | NA                     | NA                      |

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) and its intensity in the following format

| Parameter  | Unit                            | FY 2023-24<br>(Current Financial<br>Year) | FY 2022-23<br>(Previous<br>Financial Year) |
|--|---------------------------------|---|--|
| Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)   | Metric tonnes of CO2 equivalent | 81.24                                     | -  |
| Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)   | Metric tonnes of CO2 equivalent | -   | -  |
| Total Scope 1 and Scope 2 emissions intensity per rupee of turnover  | -                               | 0.00000014                                | -  |
| Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions/Revenue from Operations adjusted for PPP) |                                 | 0.00000031                                |  |
| Total Scope 1 and Scope 2 emission intensity in terms of physical output   |                                 | 0.03                                      |  |
| Total Scope 1 and Scope 2 emission intensity (Optional) – the relevant metric may be selected by the entity.   | -                               | -   | -  |

Note: The PPP value is recorded as 22.8 for 2023-24 and 22.63 for 2022-23, as per data obtained from the website: https://data.worldbank.org/indicator/PA.NUS.PPP?end=2022&locations=IN&start=2019

8. Does the entity have any project related to reducing greenhouse gas emission? If yes, provide details.

As a part of DTL sustainability targets and ESG agenda, the company has set an ambition to enable a low-carbon society where, the company has also committed to partner with its customers and suppliers to reduce emissions and achieve carbon neutrality in its own operations. The company has taken commitment towards renewable energy and cleaner and more efficient technologies to reduce its own emissions. The company has planned to have a clear energy efficiency target with the help of its energy management systems.

To realize the aforesaid commitment, the company has taken various initiatives such as installation of solar systems, green power procurement through third party power purchase agreements (PPAs) and is also strengthening its energy management systems to further reduce energy consumption and enhance the energy efficiency of electrical equipment at its premises.

9. Provide details related to waste management by the entity, in the following format:

| Parameter  | FY 2023-24             | FY 2022-23   |
|--|------------------------|--------------|
| Total waste generated (in MT)  |                        |              |
| Plastic waste (A)  | 5.21                   | 5.16         |
| E-waste (B)  | -                      | 1.77         |
| Bio-medical waste (C)  | 0.333                  | 0.507        |
| Construction and demolition waste (D)  | -                      | -            |
| Battery waste (E)  | -                      | 0.17         |
| Radioactive waste (F)  | -                      | -            |
| Other hazardous waste. Please specify, if any (G) (waste consists of used oil, oil soaked cotton waste & few other hazardous waste)                    | 17.97                  | 7.54         |
| Other non-hazardous waste. Please specify, if any (H). (waste consists of wooden, metal (ferrous, Non-ferrous), paper & few other non hazardous waste) | 164.61                 | 104.6        |
| Total (A+B+C+D+E+G+H)  | 188.1                  | 119.77       |
| Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)  | 0.000000032            | 0.000000020  |
| Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP)    | 0.00000073             | 0.00000046   |
| Waste intensity in terms of physical output  | 0.07                   | -            |
| Waste intensity (optional) – the relevant metric may be selected by the entity   | -                      | -            |
| For each category of waste generated total waste recovered through re operations (in metric tonnes)  | cycling, reusing or ot | her recovery |
| Category of Waste  |                        |              |
| (i) Recycled   |                        |              |
| (ii) Re-used   |                        |              |
| (iii) Other recovery operations  |                        |              |
| (iv) Total   |                        |              |
| For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)   | NIL                    | NIL          |
| Category of waste  |                        |              |
| (i) Incineration   |                        |              |
| (ii) Landfilling   |                        |              |
| iii) Other disposal operations   |                        |              |
| Total  |                        |              |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: No

Note: The PPP value is recorded as 22.8 for 2023-24 and 22.63 for 2022-23, as per data obtained from the website: https://data.worldbank.org/indicator/PA.NUS.PPP?end=2022&locations=IN&start=2019

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

A guideline applicable company-wide ensures that the legal requirements for the transport and disposal of waste are complied with locally. All manufacturing sites have a clearly designated organizational unit responsible for sorting, classifying, and handing over waste to disposal companies. DTL conducts regular audits at the locations where the wastes are disposed to ensure it is treated and disposed in a scientific manner with minimum impact on the environment. Segregation of wastes is ensured at its place of generation. Process changes are also aimed at reducing generation of hazardous wastes. The thrust is on recycling and reuse of hazardous wastes. Those which cannot be reused are disposed in line with statutory requirements.

To offer a green product to the customers and meet various national/international regulations on material management, DTL has established a strong internal material compliance management system to reduce usage of hazardous and toxic chemicals in our products and processes.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspot, forests, coastal regulation zones etc.) where environmental approvals/ clearances are required, specify details in the following format.

Our campuses are built on government approved land in industrial zones and do not fall within or are adjacent to protected areas or high-biodiversity areas.

- 12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws in the current financial year Not Applicable
- 13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

Yes, we are compliant with the applicable environmental law/regulations/guidelines in India.

#### Leadership Indicators:

1. Water withdrawal consumption and discharge in the areas of water stress (in KL):

For each facility/plant located in areas of water stress, provide the following information:

- (i) Name of the area
- (ii) Nature of operations
- (iii) Water withdrawal consumption and discharge in the following format:

We recognize that we are working in countries which are water-stressed zones. We continue our efforts in water conservation through a combination of technological interventions, rainwater harvesting, recycling and reuse of wastewater, communication, and employee engagement.

| Parameter  | FY 2023-24<br>(Current Financial<br>Year) | FY 2022-23<br>(Previous Financial<br>Year) |
|--|---|--|
| Water withdrawal by source (in kiloliters)                                   |   |  |
| (i) Surface water  | -   | -  |
| (ii) Groundwater   | 33827                                     | 25260                                      |
| (iii) Third party water  | 4585                                      | 13610                                      |
| (iv) Seawater / desalinated water  | -   | -  |
| (v) Others   | -   | -  |
| Total volume of water withdrawal (in kiloliters)                             | 38412                                     | 38870                                      |
| Total volume of water consumption (in kiloliters)                            | 38412                                     | 38870                                      |

| No treatment                           |                              | -   |
| With treatment                         | please specify               | 806.34  |
| level of treatment                     |                              |   |
| Total water discharged (in kilolitres) |                              | 806.34  |

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N). If yes, name of external agency: No

- 2. Please provide details of total Scope 3 emissions & its intensity, in the following format Not Applicable
- 3. With respect to the ecologically sensitive areas reported at Question 11 of essential Indicators above, provide details of significant direct and indirect impact of the entity on biodiversity in such areas along with prevention and remediation activities Not Applicable
- 4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency or reduce impact due to emission/ effluent discharge/ waste generated, please provide details of the same as well as outcome of such initiatives as per the following format

| Sr. No | Initiative undertaken                          | Details of the initiative (Web-link, if any, may be provided along-with summary)  | Outcome of the initiative |
|--------|--|---|---------------------------|
| 1      | Solar power panels installation                | Enhancement of renewable energy utilization www.dynamatics.com  | CO2 emission reduction    |
| 2      | Rainwater harvesting system implementation     | The purpose is to capture maximum rainwater for recharge and reuse purposes www.dynamatics.com                          | Water footprint reduction |
| 3      | Single use plastic free premises establishment | Elimination of single use plastic also<br>helped in reducing plastic waste within our<br>premises<br>www.dynamatics.com | Waste reduction           |

- 5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/weblink
  - DTL has a well-established business continuity and disaster management framework that is fully aligned to ISO 22301:2019, CMMI-SVC and is integrated with other quality management systems for consistent deployment across the organization. The function is governed by a trained pool of subject matter experts at various levels of the organization ensuring upkeep of business continuity plans, planning, and executing drills to achieve seamless resumption, in case of any disruption. The entire process is integrated with other business processes through in-house developed tools that support planning and communication with all stakeholders.
- 6. Disclosure any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard? NA
- 7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts NA

# PRINCIPLE 7: Businesses, when engaging in influencing public regulatory policy, should do so in a manner that is responsible and transparent.

The Company is a member of several industry associations and networks with other companies on various aspects of sustainability

#### **ESSENTIAL INDICATORS:**

- 1.(a) Number of affiliations with trade and industry chambers/ associations
  - (b) List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.

| SI.<br>No. | Name of the trade and industry chambers/ associations            | Reach of trade and industry chambers/ associations (State / National) |

2. Provide details of corrective action taken or underway on any issues related to anticompetitive conduct by the entity, based on adverse orders from regulatory authorities - Nil

#### LEADERSHIP INDICATORS:

1. Details of public policy positions advocated by the entity

DTL's approach to achieving our government, policy and community objectives focuses on engaging in matters relating to advancement of the industry and public good in the national, regional, and local levels. DTL focuses on developing and maintaining partnerships with relevant government officials, business organisations, industry associations, educational institutions, and community organisations for the purpose of developing mutually beneficial partnerships.

#### PRINCIPLE 8: Businesses should promote inclusive growth and equitable development

The Company's commitment is on key focal areas of access to education, diversity and inclusion and sustaining communities. Over the years, the Company has contributed towards implementing healthcare and education with a focus on women's education and on local development of its communities.

The Company, in line with its set Corporate Social Responsibility (CSR) policy undertook various community engagements with the intent of contributing to the vulnerable groups of society.

Dynamatic Biosecurity Laboratory situated in the Dynamatic Aerotropolis, is a NABL Certified (ISO 15189:2012) and ICMR approved Molecular Testing Laboratory. This state-of-the-art lab has the finest equipment and infrastructure and is managed by highly experienced Microbiologists, Research Scientists and Laboratory Technicians.

Monitoring health at regular intervals avoids the ignorance of early signs of possible ailments. Henceforward we have extended the scope to cover diagnostic tests which includes routine & special tests from following departments Clinical Pathology, Clinical Chemistry, Haematology, Immunoassay and Serology. The lab follows ISO 15189: 2012 & Good laboratory practice regulatory requirements & is managed by highly experienced pathologists, research scientists & laboratory technicians.

We have put together a team of efficient phlebotomists and coordinators for the convenience of our patients, clients for smooth process during home collection.

Dynamatic Biosecurity Laboratory strives for excellence in patient care with its highly efficient and accuracy-oriented processes. Our advanced hi-tech technology helps the patients in achieving a detailed and progressive inference.

Women's Day was celebrated on 8th March 2024. All women employees were honoured by a memento signed by the CTO, celebrating their uniqueness and strength. The theme was "Inspire inclusion".

Dynamatic Technologies invited and honoured women who have made achievement in their respective professional fields. This inspired and added confidence to our women employees, who have already broken the barrier and are working successfully along with men in all the departments at various ranks. All the women employees of the Hydraulics and Aerospace Divisions participated in the event. CEO & MD addressed all the women employees on this occasion.

The HR team has more women in your company than men proving the point that the company has the mandate to increase the women employees in all its functions and improve the gender ratio.

#### **ESSENTIAL INDICATORS:**

- Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current FY 24- Not Applicable
- 2. Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity in the following format Not Applicable
